PROFESSIONAL EXPERIENCE

AGODA (BOOKING HOLDINGS COMPANY)

Senior Creative Design Technologist, Brand Team

Mar 2021 – Present | Bangkok, Thailand

- Led the design and optimization of scalable, user-centered digital experiences across email, landing pages, and localized customer touchpoints for global travel markets.
- Built and evolved responsive design systems supporting 13+ languages and markets, improving consistency, accessibility, and delivery speed across platforms.
- Designed personalized user journeys and retargeting experiences using customer insight, review content, pricing signals, and experimentation frameworks.
- Partnered closely with product, marketing, and engineering teams to prototype, test, and iterate digital experiences, accelerating A/B testing and decision-making.
- Designed and developed responsive landing pages and micro-sites for global campaigns, integrating SEO, analytics, localization, and conversion-focused UX principles.
- Scaled AI-assisted creative workflows and modular content systems, reducing production time by 50% and enabling 200+ personalized campaigns monthly.

11-INFOTECH SYSTEM CO. LTD.

Senior UX/UI Designer & Frontend Developer

May 2011 – Mar 2021 | Bangkok, Thailand

- Led end-to-end UX/UI design and frontend delivery for B2B and B2C digital products in travel and hospitality.
- Created user flows, wireframes, prototypes, and high-fidelity interfaces for web applications focused on usability, clarity, and business goals.
- Designed customer journeys and digital experiences that improved product usability and client adoption across multiple markets.
- Collaborated with product owners and stakeholders to define requirements, prioritize features, and establish design standards and guidelines.
- Worked closely with developers to ensure accurate implementation and maintain quality across responsive experiences.
- Mentored junior designers and helped drive design consistency across projects.

31 DIGITAL AGENCY

Founder / Solo Designer

Apr 2017 – Apr 2019 | Bangkok, Thailand

- Delivered websites, branding, and e-commerce solutions for SMEs, managing projects from discovery and requirements gathering to design and launch.
- Balanced user needs, business goals, and technical feasibility to create practical digital solutions.
